CARAVANS

2026 OFF ROAD CARAVAN RANGE

www.coastcanopies.co.nz

INTRO

Engineered to conquer harsh terrain with confidence, this off road caravan range blends **durability, comfort and all terrain performance** for unforgettable adventures.

OUR STORY

Welcome to Coast Caravans

Proudly based on the rugged West Coast of New Zealand’s South Island. Driven by a love for the outdoors and a commitment to durability, Coast Caravans began with a fairly simple search. We needed to replace the old family caravan and wanted something modern, practical and well priced, without compromising on the ability to get out into nature and explore beyond the usual go-to spots.

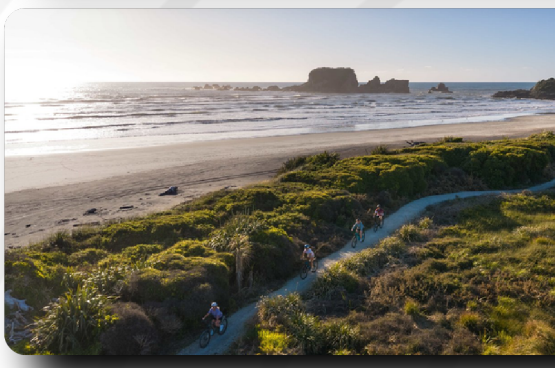

We wanted the freedom to choose a layout that suited the way we would actually use it, along with the comfort and features needed to make getting away easy.

That experience became the starting point for Coast Caravans. Our aim is simple: to offer capable, thoughtfully designed caravans that can be tailored to suit different adventures, without making the process overly complicated or the price unnecessarily out of reach.

A Coast Caravan is built to be ready when you are, whether that means a quiet weekend by the coast or heading a little further off the beaten track.

THE COASTER

14 FT

Compact size. **Big** adventures.

Designed for travellers who want the freedom to explore. Compact, capable and easy to tow, the 14 FT Coaster packs everyday comfort into a practical footprint. Choose from couples or family layouts, each with a full kitchen, private bathroom and off-grid essentials.

14 FT SPEC SHEET

EXTERIOR

- Large awning
- Flat-top toolbox mounted on the A-frame
- Tunnel storage
- Two 8.5 kg gas-cylinder holders
- One 120L fresh-water tank and one 80L grey-water tank
- 12V electric marine diaphragm water-delivery pump
- City-water quick-connect inlet with pressure reducer
- Wall-mounted drop-down servery table
- Front-mounted LED light bar with awning light
- Marine-grade composite caravan body with steel-frame construction
- 75 cm aluminium checker-plate side protection skirting

ELECTRICAL

- Intelligent integrated control system
- 330W solar panels
- MPPT solar controller
- Battery monitor with 200Ah maintenance-free battery
- 12V 3000W pure sine-wave inverter with integrated charging system
- Internal 12V LED lighting throughout
- External 12V LED lighting throughout, including white awning lighting, yellow bug-light wall lighting, position markers, indicators and stop/tail lights
- 7-pin flat trailer connector
- 12V accessory sockets
- Dual USB charging ports with 1A and 2A outputs
- TV outlet
- 240V GPOs
- Reading light with USB charging function

APPLIANCES

- Dometic roof-mounted air conditioner with heating
- Fogatti gas instant water heater
- 148L high-end 12V compressor refrigerator
- Built-in 20L 800W microwave
- Hot and cold external shower
- 2.4GHz digital wireless rear-view camera with 7-inch portable monitor
- Stereo head unit with internal and external speakers
- 12V rangehood
- Induction cooktop
- Two 12V Sirocco fans

INTERIOR

- Modern laminate benchtops and countertops with matte-black sink and tapware
- Fibreglass enclosed shower room
- Tinted, ultra-thin double-layer acrylic windows
- Double-layer cassette blinds with screens and blackout curtains
- Bathroom with 12V exhaust fan and LED lighting
- High-quality leather-look lounge seating
- High-quality, environmentally friendly vinyl flooring
- Overhead cabinetry with strip lighting
- Toughened residential-grade hinge assembly

CHASSIS

- 150 mm x 50 mm Q355 galvanised steel RHS towbar
- High-strength galvanised chassis
- 50 mm ball coupling
- Jockey wheel
- 16 x 7.5 aluminium alloy wheels with 6/139.7 stud pattern, fitted with 265/75 R16 Goodride radial all-terrain tyres
- Independent coil-spring trailing-arm suspension with two shock absorbers on each arm
- 12-inch electromagnetic brakes with handbrake and drawbar-mounted emergency breakaway system
- Four heavy-duty lockable and adjustable drop-down stabiliser legs
- 1,500 kg high-lift scissor jack with integrated jacking points
- Aluminium entry step

OPTIONAL UPGRADES

- Spare tyre with rear bumper bracket
- 22-inch Smart TV with bracket and antenna
- Dometic four-burner stove with single-layer oven
- Outdoor pull-out kitchen with two-burner stove and sink
- Australian-standard gas pipeline, optional for Australia and New Zealand
- 35L outdoor refrigerator
- Dometic dust-reduction fan
- 3 kg washing machine
- Skylight
- 2kW diesel heater
- 400Ah LiFePO4 lithium battery
- Integrated DC-DC charger and MPPT controller

THE ALPINE
